

HANKWANG LASER & AUTOMATION

Pinnacle of Laser Cutting Technology.
The Most Economical Solution.
Field-Proven Track Record.
The Name You Can Trust.

The **PL3015** - One of our newest high speed laser cutting systems. See us at <http://www.hankwangus.com> for our full line of laser cutting systems.

"Han-Kwang's product is outstanding- it's the best perceived value on market. Han-Kwang develops new technology all the time, and I like that innovative and proactive attitude it carries as it enters the market with its new products."

Tom Jellison, Flexco Products
(Elkhart, IN)

"When we need another laser, there will be no question about getting another Han-Kwang. Machine quality, application assistance, operator and programmer training, plus the overall improvement they made in our company's production makes that decision an easy one."

Chris Portman, West Mark, Inc.
(Atwater, CA)

"We purchased a FS4020 72" x 144" table with the HAT420 automation system and routinely cut materials ranging in thickness from 14 gage to 1" plate with no trouble. This has been a very dependable machine."

Jack Ellingson, Felling Trailers
(Saulk Center, MN)
